

Working at Etihad Towers

Taking center stage within the five Etihad Towers, the impressive Office Tower makes more than just a landmark statement. Its superior design and technology features are designed to make a positive impact on your business and the city. Serious consideration has also been given to environmental issues, ergonomics, technical practicalities as well as luxury and comfort, so that you can operate for the long-term in a contemporary working space.

With more than 45,000sqm of leasable area over 53 floors, Etihad Towers gives you greater flexibility when creating your office space so that you can design the environment that best suits your business. Plus there are additional facilities to make your valuable time at the office run smoothly - from the high capacity car park, professionally managed reception areas and concierge service to the discrete but effective 24/7 private security.

For day-to-day business, holding meetings and entertaining clients, the Tower is beautiful inside and out. The interior craftsmanship, landscaped gardens and location along the Corniche confirm this, while there is no doubt that this is the most prestigious business location in Abu Dhabi. You will have quick and easy access to the international airport and local transport links, and be in close proximity to the Central Bank, Foreign Ministry, ADNOC HQ, Emirates Palace and the central business district.

Commercial tenants benefit from the superbly equipped conference center which is among the largest in Abu Dhabi. The center can host up to 2,200 guests for a function, and with 13 meeting rooms on one level, live conferencing facilities and HD quality projection, all types of events, meetings and seminars can be organized and accommodated with ease.

The sense of enjoyment and ease of working at Etihad Towers also extends to the enjoyment of living, with a fine array of restaurants, shopping, and leisure facilities that are readily available. And for pure inspiration, just look out your window for stunning views over the city and the Arabian Sea. You can see that the opportunity to become an integral part of this expansive, inspiring, and evolving space will be more than just a good business decision.
